Dear Dr. Burton:

A Coordinated Review Effort (CRE) of the Child Nutrition Programs in your district was concluded on November 18-20, 2008. There were no CRE findings that required fiscal action. The district's documented Corrective Action Plan (CAP), due May 4, 2009 was received May 4, 2009 and approved as submitted. Please accept this letter as confirmation that the CRE has been officially closed.

On behalf of the reviewer and the entire compliance unit, I wish to thank you and your staff for the cooperation and hospitality extended to us during the course of the CRE.

Should you have any questions concerning this CRE, please contact us at (888) TEX-KIDS.

Sincerely yours,
